OTHER INFORMATION AND FEES

The following section applies to customers on either Residential or Business Plans.

From time to time, you might be charged extra fees and charges. These vary depending on your contract type. If a government, regulator, network distributor or a metering provider applies, varies or introduces a fee, charge or tax, we may pass through all or part of this varied or new fee, charge or tax to you.

19	Miscellaneous Fees and Charges	GST exclusive	GST inclusive
19.1	Late payment fee †	\$15.00	\$15.00
19.2	Attendance (debt collection) first visit in a 12-month period (in business hours)	\$59.09	\$65.00
	Attendance (debt collection) within a year of a previous visit (in business hours)	\$77.27	\$85.00
19.3	Dishonoured cheque and credit card reversal per account (administration charge) †	\$15.00	\$15.00
19.4	Direct debit reject (administration charge) †	\$8.00 per reject	\$8.00 per reject
19.5	Cheque refund administration charge per refund (EFT attracts no charge)	\$13.64 per refund	\$15.00 per refund
19.6	Payment processing fee (% of payment made by debit or credit card)	0.41%	0.45%
19.7	Manual Reading Service Fee per read	\$101.78	\$111.96
19.8	Wasted site visit for smart meter installation	\$99.00	\$108.90

† GST not applicable

20 Distributor Service Charges

The following services will be charged as a pass through from the relevant electricity distributor (Essential Energy or Endeavour Energy). Charges for any additional services provided by the electricity distributor will also be passed through. For more information on charges please visit your distributor's website.

- 20.1 Special meter reading (including moving in and moving out of your supply address)
- 20.2 Meter test business hours
- 20.3 Supply of conveyancing information
- 20.4 Off-peak conversion business hours
- 20.5 Disconnections site visit (only) business hours payment received
- 20.6 Disconnection/de-energisation at meter box business hours
- 20.7 Disconnection/de-energisation at pole top/pillar box business hours
- 20.8 Rectification of illegal connection
- 20.9 Reconnection outside business hours
- 20.10 Site establishment per NMI

21 Metering

21.1 Smart meter is defined as a digital electricity meter which meets the Type 4 minimum services specification in the Regulatory Requirements. If the telecommunications network connection function is deactivated on the meter (i.e it is a Type 4A meter) an additional Smart Meter Manual Reading Service fee will apply.

21.2 All meters installed after 1 January 2018 must be a smart meter and upon installation will default to the applicable plan as determined by your distributor.

21.3 Additional charges for the cost of repairs, alterations and upgrades to the meter board and/or metering installation that are required by our metering service provider before your existing meter can be replaced by a smart meter may be charged.

21.4 Meter readings (other than readings taken to final an account or terminate supply) shall be taken to the nearest 10 kWh. The billing period for the purpose of determining the maximum demand charge shall be one month or part thereof where a customer changes their retail supplier.
